

A 'skin'tastic cause!

The charitable spirit of the city never ceases to amaze. And the 9th edition of the Mumbai Marathon was no different. Rotary Club of Mumbai Northwest in association with Provogue came together to support the noble cause of Skin Donation in India. The National Centre for Burns in Airoli has so far only recorded 62 skin donations for burn victims and thus, it has been taken up to raise awareness and encourage donation

of skin in order to save the lives of burn victims.

But it wasn't just the members of the clubs, but also the cast and crew of the upcoming film *Love you Soniyo*, who turned up to support the cause. **Bunty Grewal**, Rati Agnihotri's son **Tanuj Virwani**, Miss India International 2010 **Neha Hinge** and debut director **Joe Rajan** along with club president **Sandip Porecha** and **Nigam Patel** of Provogue took part in the 7 km dream run.
